PRONCOM Methodology

THE COURSE USES A UNIQUE AND REVOLUTIONARY METHOD KNOWN AS B.B.R. FOUNDED UPON 3 PRINCIPLES

- B** Blocking your old speaking habits in English | Because you use the sounds of your first language to say English words.
- B** Building new muscle memory of new speaking habits | Because speaking a language is a physical skill just like playing the piano - repetition is key.
- R** Rewiring or reprogramming your neural networks to process the language in a totally different way | Because you think in your first language and translate to English - it does not work.

LEVELS (FULL TIME)

Levels	Entry Requirement	CEFR Exit Level	Course Length
Intermediate	Successful completion of Pre-intermediate	B1-C1	10 weeks
Upper-Intermediate

Why you should learn English on our T.E.R.M

- T** **TRANSFORMATIONAL**
 - Words will start coming to you without effort.
 - No more mental freezes.
 - English finally becomes part of you; you will breathe it.
- R** **RAPID**
 - You will use the language, not just learn ABOUT it.
 - You will keep repeating until you stop making the mistake or at least understand why you're making it and how to fix it.
 - People will see the difference in your English right away.

- E** **EMPOWERING**
 - You will feel much more powerful and confident expressing your opinions, ideas and messages.
 - You will be proud of how you sound; not embarrassed.
 - You will also belong to a global community - sound international.
- M** **MOTIVATIONAL**
 - BBR method is based on practice not theory, just like sports, it requires physical training.
 - The BBR teacher will push you hard until you achieve your goal.
 - Your energy and motivation will only go up because improvements are real and the results are relatively quick to see.
