## PRONCOM Methodology

## THE COURSE USES A UNIQUE AND REVOLUTIONARY METHOD KNOWN AS B.B.R. FOUNDED UPON 3 PRINCIPLES

- B** Blocking your old speaking habits in English | Because you use the sounds of your first language to say English words.
- B** Building new muscle memory of new speaking habits | Because speaking a language is a physical skill just like playing the piano - repetition is key.
- R** Rewiring or reprogramming your neural networks to process the language in a totally different way | Because you think in your first language and translate to English - it does not work.
