

## SOETI TUITION FEE RELIEF

We understand this is a difficult period and although we are confident that SOETI (SCOTS ONLINE ELICOS TEACHING INITIATIVE) will provide you with a personalized learning environment and boost your course progress, additionally, you will receive the equivalent of 10 hours/Week (total 30 hours/Week) of assessable online learning through our Virtual Learning Platform from the 30th of March 2020. This offer is exclusive to SCOTS students (new and existing) under the SOETI program.

For current students, unpaid fees will change to the SOETI Tuition Fee.

If you have already paid your tuition fees, the SOETI Tuition Fee Credit (below) will apply. In other words, the SOETI Tuition Fee Credit applies to tuition fees that you have already paid. The Credit that you receive will be to the difference between the original Tuition Fees and the SOETI Tuition Fee. The credit will be used in your extension of study weeks in SCOTS.

### Example Case:

Students who have completed 3 weeks of a 6-week enrolment and students who have paid \$1320-fee in tuition fees for a 6-week face-to-face course (\$220 per week) will receive 1 extra week of study in SCOTS. SOETI Credit will be \$150 (\$50 weekly tuition fee difference x 3 weeks = \$150). Any extensions under SOETI will be \$170 per week. When on-campus classes resume, tuition fees will revert to your initial tuition fee per week. Please see the chart below:
